Bringing the Solihull Approach to the world

Understanding your child

A group for parents and carers of children aged nine months to 19 years.

Find out more about:

- How our brains work at different times in our lives.
- What this means for how we think and express how we feel.
- Your child's development and behaviour.
- How your child communicates.
- Why sometimes things go well and sometimes they don't.

How many sessions?

10 (one a week)

Who's it for?
